

## **Leader of Traditional Worship and Music – Part Time**

The Presbyterian Church at New Providence is a thriving congregation centered on Jesus Christ. Since our founding in 1737, worship has been the heartbeat of our church and we currently conduct five services each Sunday, three contemporary with praise teams, one more traditional/blended and one meditative piano led. Our 780 members span generations and each service has its own 'flavor'.

We are looking for a spiritually mature, musically gifted servant of God to lead and develop our traditional music ministry.

You will be working with established and gifted choirs, and have support from a well resourced Production Arts team, all of whom are striving to create culturally relevant worship. You will also be collaborating with the contemporary worship director.

The church is strategically placed in the center of New Providence, a vibrant New Jersey town with excellent amenities, schools and easy access to all that Manhattan has to offer.
